**The Right to Vote**-Alexander Keyssar 2009-06-30 Originally published in 2000, The Right to Vote was widely hailed as a magisterial account of the evolution of suffrage from the American Revolution to the end of the twentieth century. In this revised and updated edition, Keyssar carries the story forward, from the disputed presidential contest of 2000 through the 2008 campaign and the election of Barack Obama. The Right to Vote is a sweeping reinterpretation of American political history as well as a meditation on the meaning of democracy in contemporary American life.

**Genghis Khan**-Paul Ratchnevsky 1993

**A Land As God Made It**-James Horn 2008-07-31 The definitive history of the Jamestown colony, the crucible of American history Although it was the first permanent English settlement in North America, Jamestown is too often overlooked in the writing of American history. Founded thirteen years before the Mayflower sailed, Jamestown's courageous settlers have been overshadowed ever since by the pilgrims of Plymouth. But as historian James Horn demonstrates in this vivid and meticulously researched account, Jamestown-not Plymouth-was the true crucible of American history. Jamestown introduced slavery into English-speaking North America; it became the first of England's colonies to adopt a representative government; and it was the site of the first white-Indian clashes over territorial expansion. A Land As God Made It offers the definitive account of the colony that give rise to America.

**Lord of the Flies**-William Golding 2003-12-16 Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

**The Haitian Revolution**-Toussaint L'Ouverture 2019-11-12 Toussaint L'Ouverture was the leader of the Haitian Revolution in the late eighteenth century, in which slaves rebelled against their masters and established the first black republic. In this collection of his writings and speeches, former Haitian politician Jean-Bertrand Aristide demonstrates L'Ouverture's profound contribution to the struggle for equality.

**The Robber Barons**-Matthew Josephson 1962 Presents profiles of the captains of industry who ruled America after the Civil War including Carnegie, Vanderbilt, Rockefeller, and Gould

**Slavery by Another Name**-Douglas A. Blackmon 2012-10-04 A Pulitzer Prize-winning history of the mistreatment of black Americans. In this 'precise and eloquent work' - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an 'Age of Neoslavery' that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.

**The Book of Ser Marco Polo, the Venetian, Concerning the Kingdoms and Marvels of the East**- 1993

**The Oxford History of Islam**-John L. Esposito 2000-04-06 Lavishly illustrated with over 300 pictures, including more than 200 in full color, The Oxford History of Islam offers the most wide-ranging and authoritative account available of the second largest--and fastest growing--religion in the world. John L. Esposito, Editor-in-Chief of the four-volume Oxford Encyclopedia of the Modern Islamic World, has gathered together sixteen leading scholars, both Muslim and non-Muslim, to examine the origins and historical development of Islam--its faith, community, institutions, sciences, and arts. Beginning in the pre-Islamic Arab world, the chapters range from the story of Muhammad and his Companions, to the development of Islamic religion and culture and the empires that grew from it, to the influence that Islam has on today's world. The book covers a wide array of subjects, casting light on topics such as the historical encounter of Islam and Christianity, the role of Islam in the Mughal and Ottoman empires, the growth of Islam in Southeast Asia, China, and Africa, the political, economic, and religious challenges of European imperialism in the nineteenth and twentieth centuries, and Islamic communities in the modern Western world. In addition, the book offers excellent articles on Islamic religion, art and architecture, and sciences as well as bibliographies. Events in the contemporary world have led to an explosion of interest and scholarly work on Islam. Written for the general reader but also appealing to specialists, The Oxford History of Islam offers the best of that recent scholarship, presented in a readable style and complemented by a rich variety of illustrations.

**The Jungle**-Upton Sinclair 2017-06-19 The Jungle is a 1906 novel written by the American journalist and novelist Upton Sinclair (1878–1968). Sinclair wrote the novel to portray the lives of immigrants in the United States in Chicago and similar industrialized cities. Many readers were most concerned with his exposure of health violations and unsanitary practices in the American meatpacking industry during the early 20th century, based on an investigation he did for a socialist newspaper. The book depicts working class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. These elements are contrasted with the deeply rooted corruption of people in power. A review by the writer Jack London called it, "the Uncle Tom's Cabin of wage slavery." Sinclair was considered a muckraker, or journalist who exposed corruption in government and business. He first published the novel in serial form in 1905 in the Socialist newspaper, Appeal to Reason, between February 25, 1905, and November 4, 1905. In 1904, Sinclair had spent seven weeks gathering information while working incognito in the meatpacking plants of the Chicago stockyards for the newspaper. It was published as a book on February 26, 1906 by Doubleday and in a subscribers' edition.

**Genghis Khan**-Ata-Malik Juvaini 1997 This astonishing book, which is unquestionably the best and most authoritative account of one of the most important events in the world's history, namely the sudden rise and expansion of the Mongol power in the thirteenth century, is republished here in an updated edition, with a new introduction and bibliography.

**Language in Action**-Johan van Benthem 1995 Language in Action demonstrates the viability of mathematical research into the foundations of categorial grammar, a topic at the border between logic and linguistics. Since its initial publication it has become the classic work in the foundations of categorial grammar. A new introduction to this paperback edition updates the open research problems and records relevant results through pointers to the literature. Van Benthem presents the categorial processing of syntax and semantics as a central component in a more general dynamic logic of information flow, in tune with computational developments in artificial intelligence and cognitive science. Using the paradigm of categorial grammar, he describes the substructural logics driving the dynamics of natural language syntax and semantics. This is a general type-theoretic approach that lends itself easily to proof-theoretic and semantic studies in tandem with standard logic. The emphasis is on a broad landscape of substructural categorial logics and their proof-theoretical and semantic peculiarities. This provides a systematic theory for natural language understanding, admitting of significant mathematical results. Moreover, the theory makes possible dynamic interpretations that view natural languages as programming formalisms for various cognitive activities.

**The Female Athlete Triad**-Catherine M. Gordon 2014-10-28 This is the first book of its kind to focus solely on the female athlete triad - its origins, its recognition, and most importantly, its management. Since the symptoms themselves cover a range of medical specialties, chapters are written by experts in a number of relevant fields - sports medicine, orthopedics, endocrinology, and pediatrics - with an eye toward overall care of the young female athlete. Additionally, each chapter includes suggestions on how to educate and communicate with young athletes and their parents, as well as trainers and coaches, on how to manage the illness outside of the direct clinical setting. The female athlete triad is often seen in sports where low body weight is emphasized, such as gymnastics, figure skating, and running, though it can appear in any sport or activity. The interrelated symptoms - eating disorders, amenorrhea, and low bone mass - exist on a spectrum of severity and are serious and potentially life-threatening if not properly treated. Psychological problems, in addition to medical ones, are not uncommon. The Female Athlete Triad: A Clinical Guide discusses all of these areas for a well-rounded and in-depth approach to the phenomenon and will be a useful reference for any clinician working with female athletes across the lifespan.

**Only Yesterday**-Frederick Lewis Allen 2015-05-26 A history of roaring prosperity—and economic cataclysm: “The one account of America in the 1920s against which all others must be measured” (The Washington Post). Beginning November 11, 1918, when President Woodrow Wilson declared the end of World War I in a letter to the American public, and continuing through his defeat, Prohibition, the Big Red Scare, the rise of women’s hemlines, and the stock market crash of 1929, *Only Yesterday*, published just two years after the crash, chronicles a decade like no other. Allen, who witnessed firsthand the events he describes, immerses you in the era of flappers, speakeasies, and early radio, making you feel like part of history as it unfolds. This bestselling, enduring account brings to life towering historical figures including J. Pierpont Morgan, Henry Ford, Sigmund Freud, Albert Einstein, Al Capone, Babe Ruth, and Jack Dempsey. Allen provides insightful, in-depth analyses of President Warren G. Harding’s oil scandal, the growth of the auto industry, the decline of the family farm, and the long bull market of the late twenties. Peppering his narrative with actual stock quotes and breaking financial news, Allen tracks the major economic trends of the decade and explores the underlying causes of the crash. From the trial of Nicola Sacco and Bartolomeo Vanzetti to the inventions, crazes, and revolutions of the day, this timeless work will continue to be savored for generations to come.
